

This workshop is suitable for 8yrs to adult

## An Introduction to Stop Motion Animation (Into Film)

Our workshop is the perfect activity for beginners to learn new creative skills.

All participants will create their own Stop Motion videos using the skills learned during the session.

We provide all equipment and materials for this session. All you need to bring is yourself.

No animation experience is necessary. *It is recommended that children under 8 are accompanied by an adult (additional tickets are not required for parents and guardians).*
